PANELISTS & SPEAKERS

Edward P. Ehlinger, MD, MSPH

Dr. Edward Ehlinger is a public health metaphysician who has spent his professional career working in various settings to advance health equity and optimal health for all. He has integrated the values, practices, and approaches of medical care, public health, community building, and social justice in his work as a Senior Assistant Surgeon with the National Health Service Corps, Director of Maternal and Child Health at the Minneapolis Health Department, Director and Chief Health Officer at Boynton Health Service at the University of Minnesota, and Commissioner of Health at the Minnesota Department of Health. He currently chairs the federal HHS Secretary's Advisory Committee on Infant Mortality, serves as a coach for the National Leadership Academy for Public Health, and consults and speaks on public health and community-building issues locally and nationally.

Dr. Ehlinger received his BA degree in English and his MD degree from the University of Wisconsin – Madison and his Master of Science in Public Health degree from the University of North Carolina – Chapel Hill. He is a Fellow of the American College Health Association, a Robert Wood Johnson Clinical Scholar, and a Bush Fellow. He is board certified in internal medicine and pediatrics and is an Adjunct Professor in the School of Public Health at the University of Minnesota. He is a past president of the Minnesota Public Health Association, the North Central College Health Association, the Twin Cities Medical Society, the Association of State and Territorial Health Officials, and the first board chair of CityMatCH.

Jimmy Dills

Jimmy Dills is a Health Integration Associate at the Georgia Health Policy Center (GHPC). His areas of expertise are health impact assessment (HIA) and healthy community design. At GHPC, Jimmy leads work on several HIA projects and the provision of training and technical assistance to local, state, and national partners related to Health in All Policies. Recently, his projects have focused on integrating health into affordable housing policies and practice, providing technical assistance to HIA teams in Kentucky and Mississippi, and assisting the Maternal and Child Health

workforce to address social determinants of health through systems thinking and transdisciplinary collaboration. He also supports GHPC's work with the Georgia Division of Aging Services and is a technical assistance provider for Georgia Shape grantees implementing nutrition and physical activity strategies in schools across the state.

Nerys Edmonds

Nerys Edmonds works for the Wales Health Impact Assessment Support Unit (WHIASU) in Public Health Wales. She started her career as a Mental Health Nurse. Since 2000, she has worked in public health with a focus on promoting mental health and well-being, health inequalities and impact assessment. She has led a wide range of health promotion projects and programs across the health, local government and non-profit sectors. Nerys is a co-author of the Mental Well-being Impact Assessment Toolkit (2011) and WHIASU Quality Assurance Review Framework for HIA (2017). Nerys has a Post Graduate Certificate in Teaching and Learning for Professional Practice and enjoys enabling others to learn and develop their skills in HIA.

Katie Hirono

Katie Hirono is a PhD candidate in the Global Public Health Unit at the University of Edinburgh. Her research focuses on the role of participatory engagement in citizens' juries and health impact assessment for improving policymaking and health equity. She is a former research associate at the Centre for Health Equity Training, Research and Evaluation (CHETRE) at the University of New South Wales, Australia where she specialized in conducting, training and teaching HIA. She has contributed to 30 HIAs throughout her career. Before joining CHETRE, Katie worked at the Health Impact Project, a collaboration of the Pew Charitable Trusts and the Robert Wood Johnson Foundation, to increase the use of health impact assessment in the U.S.

Kristin Raab

Kristin Raab is the Director for the Minnesota Climate and Health Program at the Minnesota Department of Health. She has worked in public health for over 15 years and holds master's degrees in public health, epidemiology and landscape architecture. Ms. Raab has trained over 200 people on HIA methodology, provided technical assistance to 18 HIAs in several states, published on HIA in peer-reviewed journals, and was the founder of the MN HIA Coalition, which she co-chaired for several years. Ms. Raab recently received the Harvey G. Rogers Memorial Award from the MN Public Health Association for her work. Ms. Raab is passionate about creating resilient communities through HIA, good design and policy changes.

Carissa Slotterback

Carissa Slotterback is Associate Dean and Associate Professor in Urban and Regional Planning in the Humphrey School of Public Affairs at the University of Minnesota. Her research and teaching are focused on stakeholder engagement and decision making in environmental, land use, and transportation planning. Her work includes research, tool development, capacity building, and teaching related to health impact assessment and the intersection of health and planning. She has a PhD in Urban and Regional Planning from Florida State University and is a Fellow of the American Institute of Certified Planners.

ADDITIONAL INFORMATION

Workshop Break Out Rooms

The workshop will take place at the Minnesota Department of Health (MDH) Freeman Building located at 625 Robert St. N, St. Paul MN. Plenary, lunch, and break out locations are located on the first floor of the MDH Freeman Building. Unless otherwise noted, sessions are being held in room B144/145. Breakfast will be served inside room B144/145 and lunch will be served outside room B144/145. A map of the workshop space is located on the following page.

Transportation

The Freeman Building is located on Robert Street N between 12th Street and Rev. Dr. Martin Luther King Blvd in St. Paul. The building entrance is at the curved exterior wall near the southeast end of the building, facing Robert Street N. The [Metro Green Line](#) Robert Street station is adjacent to the building entrance. There are also several bus routes with stops near the Freeman Building. Go to www.metrotransit.org for detailed public transit route information.

Public parking is available at the Centennial Ramp, Orange Level, on Rev. Dr. Martin Luther King Blvd, east of Cedar Street or at the surface lot on 14th Street, west of Jackson Street.
